

#### **D. REMARKS**

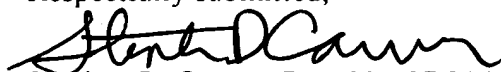

This amendment has been timely filed within the time limits for reply under the Certificate of Mailing procedure established by 37 C.F.R. § 1.8. Care has been taken to comply with the latest amendment form requirements per 37 C.F.R. 1.121, March, 2003.

Claims 1-3 were allowed in the Official Office Action. Claim 4 (Currently Amended) has been amended by adding the text of Claim 6, which was indicated as being allowable if rewritten. Thus claim 4 should be allowed. Claim 5 remains the same, but should be allowable as it depends from claim 4, which, as modified, should be allowed. Claim 6 has been cancelled. Claim 7 (Currently Amended) should be allowable as it depends from claim 4, which, as modified, should be allowed. Claim 8 (Currently Amended) has been corrected with respect to the 35 USC § 112 problem mentioned by the Examiner. It should therefore be allowed, as it was indicated as being allowable if corrected per § 112.

Amendments to the drawing figures are presented in the enclosed replacement figures which include the desired changes, without markings. Also enclosed is a separate letter to the chief draftsman showing red ink changes. Reference numeral 54 of Fig. 2 is directed to the proper part. In Fig. 8 reference numeral 129 is corrected and 127 is added. Acceptance of the amended drawings is earnestly solicited.

Concluding, a timely Notice of Allowance is respectfully solicited.

Respectfully submitted,
